

=====

Product Keys - Additional Information

=====

Keys for:

- Modifying Tweeners and
- Convert to Object

Fenric write:

"Ah...those two were never finished.  
Modifying tweeners was lost in a hard drive crash.  
Convert to object made a polygon model from a tree, but it was too unreliable."

-----

Product Keys Installation:

Put the keys in your extensions folder.

-----

Download at CarraraCafe with Fenric's permission. Thank you to Fenric!!
